Declaration

- This manuscript is an original work authored by me/us. It has not been published, either in full or in part, in any journal, book, conference proceedings, online repository, or similar platform.

- This manuscript is submitted exclusively to MLS Publications and is not under consideration for publication elsewhere. I/We further undertake that the manuscript shall not be submitted to any other publication or platform until a final written rejection communication is received from MLS Publications.

- The manuscript does not contain plagiarized content and complies with the ethical standards prescribed under the Committee on Publication Ethics (COPE) framework. All sources used have been duly acknowledged and cited. I/We understand that MLS Publications permits a maximum similarity index of 10% (subject to contextual editorial review).

AUTHOR DECLARATION & COPYRIGHT STATEMENT

- All individuals listed as authors have substantially contributed to the research and preparation of this manuscript. No person who did not qualify for authorship has been added, and no legitimate contributor has been omitted.

- I/We have disclosed any and all conflicts of interest, financial or otherwise, that may have influenced the research or its interpretation. If no conflicts exist, I/We confirm that this manuscript is submitted with no known conflicts of interest.

- The facts, data, citations, and legal authorities presented in the manuscript are, to the best of my/our knowledge, accurate and verifiable. I/We shall be solely responsible for any claims arising out of defamation, copyright violation, data misuse, or infringement of third-party rights.

- I/We confirm that any use of Artificial Intelligence tools (LLMs, translation, summarisation, or similar) has been transparently acknowledged, and AI tools have not been used to generate fabricated citations or research data.

- Upon acceptance, I/We grant MLS Publications a non-exclusive, worldwide, royalty-free license to publish, archive, and distribute the manuscript in digital/print formats, while retaining full copyright over the work.
